**BendCustomDecks.com**

**Arlie is a seasoned entrepreneur with vast experience in business development, management, and day-to-day operations.**

Arlie Kibble is the Co-Owner, President, and Head of Operations of Bend Custom Decks (BCD). In 2021, he and his wife Kim acquired the company from its founder. With close to 10 years established in business by its previous owner, the Kibbles recognized an opportunity to take BCD to the next level while seeking a new entrepreneurial venture. Arlie's primary responsibilities include leading company operations at all levels and client relations.

During his time serving BCD, Arlie has successfully streamlined ordering and implemented processes with techniques to drive efficiencies and cost savings within the operation.

Arlie's industry experience includes construction, deck building, and business development. Prior to owning BCD, Arlie founded and successfully ran his own company where he was responsible for lumber deliveries for multiple regional distributors.

Arlie resides in Prineville, Oregon with his wife, Kim. Arlie is passionate about finding ways to help the Bend community. In his free time, Arlie enjoys attending church, hunting, fishing, and spending time with his daughter, Heather, and granddaughter, Bristol.

Bend Custom Decks is a full-service custom deck provider to the central Oregon community. Since 2011, the company has provided deck design, construction, and maintenance to homeowners. Along with being a proud TREX® PRO Platinum Contractor, BCD provides comprehensive services including site review with cost estimating, and industry-leading products selection.
